The Family Self-Sufficiency (FSS) program is a voluntary program that encourage participants of the Section 8 Housing Choice Voucher Program; to work towards becoming financially independent of the welfare system; and to become economically self-sufficient.

- FSS is an *opportunity* to improve Section 8 Program participants' financial situation.
- FSS puts *cash* into an escrow account for the participant families.

***FSS can assist you*** if you are unemployed, going to school, or already working but want to raise your income. The ***FSS Case Manager*** will collaborate with you and your family to create short - and long-term goals by helping to identify and locate the services that you need. The FSS Case Manager will also provide you with the ***guidance, resources, and support*** you need to move a step closer towards self-sufficiency!!! **Ask yourself these questions:**

- **Obtaining higher education/job training that will result in living wage increases?**
- **Are you willing to seek and maintain employment?**
- **Are you willing to set goals and work hard to achieve them?**
- **Are you willing to work towards establishing or repairing your credit?**
- **Are you interested in opening a savings account without ever needing to make any deposits; and receive an escrow check upon successful completion of the Contract of Participation?**
- **Are you excited about the possibility of owning your home?**

**If you answered *YES* to any of these questions, then the FSS Program is ready for you!!!**

**Our goal is to help families take control of their own lives, are you ready!?**
